

Are you at Risk?

Sexually Transmitted Diseases (STD's) are very common. This list of statements is a guideline to your risk of getting an STD. If any of these statements apply to you, please find out more information and be tested for all STD's including HIV/AIDS.

I have had sexual contact (intimate contact with someone else's genitals).	Yes	No
I have had sexual contact with more than one person.	Yes	No
I do not use condoms every time I have sexual intercourse.	Yes	No
I have had sexual contact with someone and I knew little or nothing about their sexual history.	Yes	No
My partner and I have not discussed risks taken with previous partners.	Yes	No
My partner or I currently have more than one partner.	Yes	No
My partner has had other partners in the past.	Yes	No
My partner has had an STD before (or now).	Yes	No
I believe that I cannot get sexually transmitted diseases.	Yes	No
I sometimes get drunk or high and have sexual contact and I cannot remember what happened.	Yes	No
I have had an STD before (or now).	Yes	No

PLEASE SEE A DOCTOR if you circled "YES" To any of the above questions.

REMEMBER

Sexually Transmitted Diseases are very common, but preventable.
Most people who have them show no symptoms and are unaware that they are infected.
STD's always require medical attention (you can't "fight then off").
